

# HALEY AHO

ARTIST & DESIGNER

## ABOUT ME

I'm an artist and designer with 3.5 years of professional experience creating content, art, and design. Before moving into creative work, I competed as a Division I athlete in Cross Country and Track & Field and received Big East Honors. That background continues to shape how I work with discipline, collaboration, and an understanding of what it means to build something meaningful within a larger team and culture.
